TO BUILD NEW LOCK

Government Men Reporting for Duty at Lock No. 4

ENCOUNTER DIFFCULTY

Government employes are on the scene getting affairs in shape for the building of a new lock and a new dam at Lock No. 4, and for the next two years or more there will be a sound of industry about the historical old walls and works that will appear strange. Recently the construction of Lock No. 1 in the Monongahela river was completed. This is the only thing holding back the beginning of work on Lock No. 4. Many hundred thousand feet of lumber have been shipped to Lock No. 4 most of it to be used in what will prove one of the biggest coffer dams ever built.

Col. T. P. Roberts, assistant engineer of the Pittsburg district who has charge of the construction work of locks and dams on the Monongahela river will be directly in charge of the work at Lock No. 4, although he will not spend all his time here. Col. Roberts was here looking over plans Monday afternoon.

The new lock is to be one of the most complete and up-to-date of any river in the country. This is because primarily of the importance of the Monongahela, which as Col. Roberts says, is the chief tributary to the Ohio and one of the greatest carriers in the United States.

The available rectangular area of the new lock will be 360 by 56 feet. In reality the lock will be approxomately 400 feet long, but room has to be allowed for the swinging of the big gates. The depth will be increased, allowing a greater carrying capacity for the monster steel barges and flats. When finished it will be no effort whatever to ship through at a time 3,000 tons of coal, or with one locking the amount that now requires two lockings. There will be no crowding or delay.

Money for the building of the lock will be taken from the emergency fund. Col. Roberts stated Monday that the outside wall of what is known as the outside or smaller lock is in an almost dangerous condition, making construction work imperative. With the best of conditions and the best of luck all the way through it would be possible to finish the new work within two years, but this is not anticipated.

One of the chief difficulties will be in the construction of the immense coffer dam. This dam will be about 500 feet long. At one point where the base of the dam will have to rest the water is 37 feet deep at a low stage, which means trouble. Work is being started now towards the construction of a railroad siding on trestlework leading down from the lock a short distance. The purpose of this railroad siding will be to permit material to be received and unloaded at a convenient point.

The new lock will prove most beneficial to the large coal concerns that are putting into use the latest kind of steel barges. Two steel yards down the Ohio river are running to capacity turning out monster 1,600 ton boats. Many of them will be used in this river. Among others the Crucible Coal company which is opening up a large territory near Rices Landing will put the steel barges into use.

Five Negroes Are Arrested

Will be Held in Connection With Shooting of Two Albany Men Sunday

Five negroes were arrested Monday morning in connection with the shooting of two brothers, Steve Wallick, aged 23, and George Wallick, aged 21, both of Albany, Sunday afternoon. One of the brothers, Steve, was killed almost instantly and the other is dying in the hospital.

County detectives arrested Emory Selby, colored, and four other colored men of Albany and lodged them in the Brownsville jail. According to the officers the assailants were in the home of Selby Sunday morning. The men declare they know nothing of the shooting or the men.

WILSON BOOSTED

Mine Workers Urge Name of State Man for Cabinet

IS AN EX-CONGRESSMAN

Strong pressure is to be brought to bear on President-elect Wilson to appoint Representative William B. Wilson of Blossburg, Tioga county, Pa., to the new Cabinet post of the Department of Labor, which Congress is expected to create at the coming session.

Representative Wilson, who was elected two years ago to the house from a district normally heavily Republican, has been defeated for reelection by a small margin. Wilson has been one of the most consistent advocates of labor legislation in the House, and it was through his efforts that a number of important measures were put through, including the seaman's bill.

Wilson was formerly national secretary-treasurer of the mine workers and is still in close touch with the organization, and is well known in the Pittsburg district and Monongahela valley.

STEAL FROM PREACHER; IS UNPARDONABLE SIN

Officer Ed Cummins of Washington returned Saturday evening from the vicinity of Eighty-Four with a horse which had been stolen from Rev. Mr. Phillips of Fairmont, W. Va. The horse a valuable family mare, was found about three miles east of Eighty-Four. Officer Cummins has been on the lookout for the stolen horse for the past month. A reward of $20 was offered for the recovery of the animal.

Monongahela Woman Dead.

Mrs. Catherine Sutman, aged 73 years, wife of J. M. Sutman and one of Monongahela's best known women, died at her home, Second street Monday evening. Death was due to general debility incident to old age.

INTERESTING THINGS PROVED BY ELECTION

Republicans Short in Many Precincts---Feeney Only Man on Ticket That Got a Plurality in Charleroi

In the interest manifested in general results, the run that was made in Charleroi by its local candidates was lost sight of. Charleroi had four candidates for assembly representing as many different parties, and sad to relate all of them failed of election. These candidates were William Feeney, Republican; Theodore Allen, Washington, or Roosevelt; Louis Goaziou, Socialist, and Freeman Johnson, Keystone. Each of these candidates ran ahead of the party vote in Charleroi, which showed that each had individual strength among his friends and neighbors. The total vote of each in the borough was as follows:

Feeney	395
Allen	362
Goaziou	147
Johnson	17

Feeney led Allison, his next highest Republican colleague, by 71 votes, and was the only Republican on the national, district and county ticket that got a plurality in Charleroi; Allen led Brownlee, his next highest colleague on the Roosevelt ticket—who was elected in the county—by 11 votes; Goaziou led his Socialist colleague by 21 votes, and Freeman Johnson led his Keystone colleague by 13 votes.

TAFT BELOW DEBS IN WESTMORELAND

Progressives and Democrats Get Majority of Votes in County

One of the surprises of the election in Westmoreland county was the big Socialist vote polled, Debbs, the Socialist candidate for president beating out Taft, the head of the Republican ticket. Complete but unofficial returns from Westmoreland county place the presidential candidates as follows:

Roosevelt	9,166
Wilson	7,855
Debs	4,190
Taft	3,685
Chaffin	809

Editor C. L. Shuck of the Monessen News, who was a candidate for assembly on the Republican ticket, was elected. Fortunately for him and his Republican colleagues the Roosevelt forces indorsed the Republican candidates, and they were easily elected.

LIMERICK CONTEST WILL SOON CLOSE

Another week and the Limerick Contest will be over. While it has been a great deal of fun, the contest cannot last forever, so your bright idea will have to be sent in during the week if you wish to have it passed upon and published next week. The winners of the Ten Dollar prize will be announced in the issue of November 26.

The following persons are awarded the One Dollar prizes this week:

Miss Marie Whitehad, one dollar prize for Limerick in advertisement in John Kuth's Bakery.

C. B. Richards, one dollar prize for Limerick in advertisement of Leslie Campbell, Clothing and Men's Furnishings.

WEST VIRGINIA DRY BY VOTE OF 84,000

Official returns from every county in West Virginia show the prohibition amendment to have carried by 84,834. Only two counties, Ohio and McDowell, gave wet majorities and the dry majority in every other county ran from 500 up to 7,031 in Harrison, in which the town of Clarksburg is located.

GETTING RELAY TEAMS TO RACE SMALLWOOD

Efforts are being made by the management of the Charleroi skating rink to secure relay teams to race against Percy Smallwood, the world's champion middle distance runner, who will spend the last week in November here. Smallwood will race against teams at the rink nightly. Smallwood is a Welshman. He holds all winds of records for middle distance running.

TAKE INSPECTION TOUR OF RAILROAD

Party of Officials Make Trip Over Monongahela Extension to Fairmont

A special train of six coaches, five of which were private cars, made the trip over the extension of the Monongahela railroad and the Buckhannon & Northern on Saturday. The special ran from Pittsburg to Fairmont and return.

The members of the party some 30 in all, were officials of the Pennsylvania, the Pittsburg & Lake Erie, and New York Central system; the Baltimore & Ohio, the Buckhannan & Northern and the Monongahela railroads. The fact that this train made the complete run shows that the new road will be ready for operation in the near future.

That portion of the new road, the extension of the Monongahela railroad from Martin to the Pennsylvania-West Virginia state line is ready for operation at present and this part of the new road will probably be thrown into service at once. Additional construction of passing sidings, ballasting and other work will be necessary on the Buckhannan & Northern end of the line.

REV. BRIGHT COMING MONDAY FOR SERVICES

The series of evangelistic meetings to be held at the First Christian church will open Sunday evening, November 17, when Rev. E. N. Duty, the pastor, will preach on the subject, "Charleroi's Greatest Sin." Preparations are being made for a choir and chorus of about 50 voices. Rev. E. N. Duty, will have charge of the music, and will conduct the singing in the absence of a singing evangelist.

Rev. F. A. Bright, the evangelist who will have charge comes well recommended as a man of considerable power. His first sermon will be preached on "Not Ashamed of the Gospel" next Monday evening, November 18. Simultaneous prayer meetings are being held nightly this week. Tonight's meetings will be as follows: At the home of John Martin in shovel row, Walter Ailes, leader; Joseph Hendrick, Meadow avenue and Eleventh street, Mrs. William Jones, leader; Mrs. Louisa Carson, corner Meadow and Fifth, J. M. Whitlatch, leader.

Masquerade Ball.

A masquerade ball will be held in Turner Hall, Monessen, corner Second street and Donner avenue Tuesday evening, November 12. Prizes will be given for the best and most comic costumes. Men 50 cents. La-

Notice.

All who desire to again join the Charleroi Book Club will notify Mrs. E. C. Niver, 411 Washington avenue, Charleroi. 89-t3p

Autos Number Over 59,000

Licenses in State Reach High Mark--Many Machines Being Sold Now

The State Highway Depraments went over the 59,000 mark for issuance of licenses last week, breaking all records. It is expected that the total for the year will run close to 60,000 especially if the weather continues open in which event more sales of cars will be made. The division officials have been watching the figures mount daily sometimes only a dozen a day, but they are hoping that the 60,000 mark will be reached before the curtain falls on 1912 and the olive green tags are issued for 1913.

COURT IN SESSOIN

Jurors Report to Take Up Regular Routine of Duties

ONE CASE CONTINUED

The November term of criminal court was convened at Washington Monday afternoon. Of the 75 jurors summoned just 49 answered the roll call.

The cases of Joseph A. Plymire, of Washington, in which he is charged with embezzlement, set for trial were continued to the February term. In making the motion for continuance the district attorney said there was hope of settling the cases, and for that reason it was desired to carry them over to another term. The amounts involved are small, and Mr. Plymire will likely arrange to pay what it is alleged he unlawfully appropriated to his own use.

The first case called Monday afternoon before Judge Taylor was the commonwealth against Joseph Crawford, charged with malicious mischief. The private prosecutor is William J. Grier. The case comes from Canonsburg, and the parties are neighbors. The property of the defendant has no outlet at the back, but there is a right of way over the prosecutor's property, and also the use of a well on the prosecutor's lot. It is alleged that the defendant, in endeavoring to improve the right of way over the prosecutor's lot, damaging the well of the prosecutor. The defendant denied any malicious intent, but stated he expected to reimprove the top of the well, after he had changed it so he could drive over it. The case was with the jury when court adjourned.

POOR BOARD FAILS TO HALD MEETING

The Associated Board of Charities failed to meet Monday night according to schedule, there not being enough present for a quorum. A meeting will probably be held within a short time, when matters in need of attention will be taken up. Rehearsals will probably start soon for the production of a home talent play that will be given as a benefit for the poor fund.

HATS IN THE RING

Many Willing to Accept Charleroi Postoffice Plum

GUTHRIE INTERVIEWED

While friends of President-elect Wilson are anxiously awaiting his wordof appointments to his cabinet and enthustiastic Progressive party men are awaiting the final count of votes in Pennsylvania before they make their loud hurrahs, local Democrats are getting up a big noise about a local Democratic job. The local Democratic job referred to is that $2,500 affair commonly known as the Charleroi post office.

To date four persons, three of them physicians, have declared themselves candidates for the post office. Five or six more are being mentioned by their friends as possibilities. How great possibilities is a question that only the men themselves can answer.

The four whose hats are tied in the ring with a rope are Dr. J. K. Smith, Dr. T. M. Faddis, E. H. Arrison and Dr. N. W. Patton. All of them are good Democrats, members of the Democratic club of Charleroi, campaign contributors, workers, and all that. They all have petitions out circulating them among their friends, and it is stated every petition is being largely signed. George W. Guthrie, the Democratic State chairman has been approached, with what results is a question known only to Guthrie. He is quoted as saying the man satisfactory to the county committee is satisfactory to him.

On the streets the names of Burgess George W. Risbeck, T. R. Eagye, Tom Hastings, Allen S. Mansfield, Howard Mansfield and Dr. J. W. Manon have been heard. Whether or not any of these are thinking seriously of allowing the use of their names for the postmastership is not known. They are hopes that have only been mentioned by their friends.

The postmaster's term of office in Charleroi is four years, making a total salary for that period under present conditions of $10,000. The man who gets the job will take his seat next July, when Postmaster J. E. McCardle's term expires. The appointee will be the first to be named after the completion of the new Charroi postoffice at the corner of Seventh street and Fallowfield avenue. If the structure is not finished by July the new postmaster will be the one who dedicates it.

It is hardly likely that Congressman-elect H. W. Temple will have much to do with the Charleroi postmastership because of the Democratic administration. Had it been a Progressive or a Republican administration the chances are that custom would have been followed by having him present the recommendation of a postmaster, but there being a radical change, it is hardly likely that he will be consulted.

May Finish Today.

The grand jury reconvened Monday at Washington and disposed of a number of cases. It was expected to complete the list by last evening but it was necessary to adjourn until today to complete the work. In the Fritz shooting case from Canonsburg heard the last on the list yesterday, a large number of witnesses were called before an indictment was found.

DUE TO THE PRIMARY.

That the "old order changeth" is manifested in the recent election. For some time past it has been apparent that independent voting is the order of the day, and the old and familiar process of "lining up" voters on election day or influencing them in large bodies to vote in a single way has been gradually passing. No more can a so-called precinct leader take a poll book, look it over and mark with any degree of certainty the political standing of the voters registered therein. This standing is a most uncertain quantity these days, and the candidate or party that depends upon the old order of campaigning—that of depending upon a few alleged influential individuals or the heads of industrial interests—is the one that gets lost in the shuffle. The candidate who impresses his personality upon the greatest number of individual voters is the most likely to win out in the election.

This is largely due to the direct and popular primaries. This system of nominating is now in effect in the most of the states, and it has promoted independent voting and political action to a wonderful degree. It has taken the voters in Pennsylvania 35 years to realize the full import of the primary law in this state, but now that they do realize their power in this source it is altogether probable that a greater degree of [illegible] from this time hence, and that no individual or combination of interest can ever again dictate or dictate the political [illegible] of the state. This is what has changed the old order of politics in other states, and it will work to the same end here in our own.

This referendum at Harrisburg [illegible] nations has worked well in the borough and county from the start. Now that the people realize that they can use it with equal effect in the state, greater changes are still in store for us in a political way.

EFFICIENCY SHOPPING.

The cry of "shop early" for Christmas is now giving way to "Efficiency Shopping." This, briefly stated, is a plan by which each individual maps out at an early date just what he or she intends to do for Christmas, how much money can be appropriated for the occasion, to whom gifts shall be made, the amount allotted to each recipient, and then the nature of each gift. That determined, the process of buying is effected at opportune times in ample season to avoid the last rush.

This is not a fad or a new wrinkle, as some might imagine. It is simply a good methodical arrangement, such as each and every successful business firm pursues in the ordinary transaction of its daily affairs. It is not an arduous or complicated plan, but is one that can be carried out by each and every individual. Any person can readily comprehend how much better and more satisfactory Christmas giving can be made by methodical planning, than to wait until the last week and join the rush and buy promiscuously without any previous thought as to suitibility, cost or efficiency. By each individual adopting the "efficiency shopping" plan the great ruch just before Christmas can be avoided, in a measure, thereby removing a cause for much unwonted extravagance, inconvenience and actual human suffering.

PICKED UP IN PASSING

When a book agent or a promoter seeks you out and informs you that you have been indicated to him as a likely person to be interested in his scheme, you may make sure that your name is on the "sucker list." That indicates that people think you are likely to be an easy mark to fall for any old scheme that promises something for nothing, or as one who is susceptible to the blandishments of those who endeavor to make you believe that you are a person of superior attainments who will buy noting that is not high up in the grade of culture in the way of books—such as they have to sell. Concerning this "sucker list" the Billboard says:

A sucker list is a list of names and addresses of people who have bitten at bait in the form of very alluring offers, extravagant promises, or unduly great inducements in advertisements.

These names are in great demand.

Firms exist who do nothing but trade in them.

Some of these firms run advertisements without an idea of skinning the sucker themselves. They merely want his name and address so that they can sell it over and over again to concienceless concerns who exploit the unwary.

There are many kinds of sucker lists.

The one which yields the biggest returns, is the list of investment suckers. The names of all persons who expect a safe security to yield over six per cent, belong on such a list. Many are there now. Others are rapidly finding their way there.

Then there is the patent-medicine sucker, the poor foo' who pays a dollar for stuff, and a worthless promise that he could buy for a dime in a drug store.

The beauty sucker—who would buy beauty at so much per bottle.

The fat sucker who wants to get thin.

The lean sucker who wants to get fat.

The physical culture sucker, who wants to get strong on a minute-and-a-half exercise in the morning, and a half-minute at night.

Even the book publishers are working lists that come perilously near being sucker lists.

This is the age of the circular and sucker list.

Keep your name off as many as you can.

That is the best one many hope for.

A little skit in a recent issue of Puck gives a popular conception of a college education in a brief dialogue which contains probably as much truth as humor. In fact it is the truth of the statement that makes it humorous. The dialogue is as follows:

College President—"You can't get into our college. You aren't qualified in the entrance requirements in Sanskrit, Greek or Calculus."

Student—"No, but I am very well grounded in reading, writing and arithmetic."

College President—"Great Scott, man, you don't need a college education! Why you want to go into business."

THANKS VOTERS FOR SUPPORT IN RECENT CONTEST

Hon. William Feeney, through the medium of the Mail, desires to thank the voters of Charleroi for the generous support given him at the polls last Tuesday. Although defeated for re-election to the assembly in the county with the rest of his Republican colleagues, Mr. Feeney accepts the situation gracefully as one of the fortunes of war, and is gratified to know that he ran ahead of his party in Charleroi. He was the only Republican candidate on the county ticket to receive a plurality in the borough, which speaks well for his standing in the town. Some ulterior attempts were made against Mr. Feeney in the campaign, but these only reacted and caused his friends to work all the harder in his behalf. With the defeat of Mr. Feeney the labor interests have no direct representative in this entire section to look after their interests in the legislature.

$30 In Prizes for the Best Limericks for the Advertisers on this Page $30

Anybody Can Write a Limerick—Try it and Win a Prize

Limericks—short verses of poetry—must contain at least four lines and to win a prize must contain the name of the advertiser, some article he sells or some other catchy allusion that will please the advertiser. First study the advertisements and then write your Limerick. Write as many as you please for any or all the advertisers on this page. Visit their places of business for suggestions. Two prizes of One Dollar each will be given each week for the two best Limericks published. The Contest will continue TEN WEEKS IN TUESDAY'S ISSUE. At the end of that time TEN DOLLARS IN GOLD will be given to the person writing the largest number of prize winning Limericks. Think 'em up. It's easy. Read the model Limericks this week Hundreds of other Limericks submitted by our readers will be published besides the prize winners. Even if you don't enter the contest, watch this page every week for entertainment for the family. Also these Limericks WILL TELL YOU WHERE IS THE BEST PLACE to deal, in a way you can't forget.

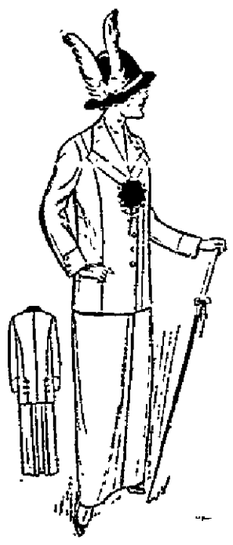
ATTRACTIVE STYLES

For Ladies' Wear

If you want a Ladies' Suit or Coat, and you want the best quality at the lowest comparative cost,---then we should like the chance to show you our new Fall Styles.



FALL SUITS

The three essential qualities of a suit are style, quality and fit. These three points are all taken into account when buying garments for this store.

Our styles are always the newest, consistent with best taste, and the requirements of a discriminating trade.

The qualities insured by the reliability of the makers, as we buy only from the best houses; who use only the best all-wool fabrics, the better grade silk and satin linings, and sew every garment with the best silk thread.

The fit is guaranteed by us, as we caary a full line of sizes and employ a competent sales force.

Combine these three qualities—then compare the results with the following prices: $15, 18, 20, 25, 27,30, 30, and 35.

FALL COATS

Fall coats in all the new styles and fabrics. Long Coats, three-quarter coats---Mackinaws---in serges, cords, chinchillas, astrakhan, plush and mixtures.

The quality fit and wear are there, the styles are newest and the prices are right. The price $6.75. $10.00 and up to $30.00

Coats for Ladies, Misses and Children. All sizes and at reasonable prices.

LAY PLANS FOR REVISION OF TAX LAWS

The joint committee of the state senate and house of representatives, which was appointed at the last session of the legislature to consider and report upon a revison of the corporation and revenue laws of the state, will soon hold public hearings. Suggestions have been made to the committee that the real estate of corporations, such as electric light, heat and power companies. railroad and railway companies, gas companies and other public utility corporations should be taxed locally in addition to the other taxes which they pay. Requests have also been made for legislation imposing a capital stock tax on manufacturing corporations and that manufacturers should be locally taxed.

County officials have requested the committee to recommend legislation authorizing the state to return to the counties a larger portion of the amount now received by them on account of capital stock, moneys at interest, etc. Requests have also been made for laying a tonage tax on anthracite coal.

Public meetings will be held at Philadelphia on November 12 in Room 496 City Hall; Pittsburg on November 19 and 20 in the Chamber of Commerce; Erie on November 21 in the Chamber of Commerce; and in Scranton on November 22 in the Lackawanna County Court House.

Representatives of the above named interests have been invited, and are expected to appear, so that the committee may be informed of all necessary facts. The meetings will be open to the public and full opportunity will be given for a general discussion of all matters. The committee will also consider at these meetings criticisms, suggestions, etc., of the proposed act regulating certain private business corporations, copies of which have been sent throughout the commonwealth.

NO INQUEST FOR DEAD MAN WITH BIG INSURANCE

Cornelius Brierly the Honestead man who was killed at Claysville Wednesday of last week it developed was insured for the considerable sum of $192,000. The insurance was carried in several of the large corporation of the kind and several representatives of these companies were there to investigate into the death of the man and their visit resulted in the announcement that an inquest would probably be held next week.

A goodly portion of the $192,000 insurance carried by the man is said to be contained in policies taken out within the past few months. It is for this reason that the insurance companies are desirous of having an inquest held, they wanting all the light posible thrown on the circumstances surrounding his death.

Deputy Coroner Bebout, who was at Claysville and inquired into the facts surrounding Mr. Brierly's death, said that he could not possibly see what would be brought to light by a coronial inquest. There is not a single eye witness to the accident as far as he could learn. The man was evidently hit by a train and the nature of the wounds that caused the man's death in his estimation were of the kind that would indicate that his death was entirely accidental.

Later Coroner James T. Heffran announced that no coroner's jury would be impaneled to consider the case. A search is being made for the overcoat which Brierley is known to have carried at the time he was killed. Thomas B. Brierley, a brother of the dead man, is conducting the search. The Life insurance investigators have been particularly anxious to find the missing garment.

PITT AND W. & J. PREPARE FOR FRAY

Western Pennsylvania's college football rivals, University of Pittsburg and Weshington and Jefferson, will meet in their annual game at Forbes Field, Pittsburg next Saturday, November 16. The kick off will be at 2:30 o'clock.

Never has there been more interest in this great battle than this year. After bowing for three successive seasons before the Blue and Gold, W. & J. will enter the game with the odds considerably in her favor. The Red and Black has made a much better record than Pitt so far, but principally to the fact that Head Coach "Joe" Thompson was compelled to develop a team out of green material Although he had rough sledding during the early part of the season and received several severe jolts, the way his boys performed against the crack Notre Dame University team showed that they have assimilated a lot of football knowledge and can be depended upon to put up a great game against the Red and Black.

What Lydia E. Pinkham's Vegetable Compound Did For Their Health—Their own Statements Follow.

New Moorefield, Ohio.—"I take great pleasure in thanking you for what your Vegetable Compound has done for me. I had bearing down pains, was dizzy and weak, had pains in lower back and could not be upon my feet long enough to get a meal. As long as I laid on my back I would feel better, but when I would get up those bearing down pains would come back, and the doctor said I had female trouble. Lydia E. Pinkham's Vegetable Compound was the only medicine that helped me and I have been growing stronger ever since I commenced to take it. I hope it will help other suffering women as it has me. You can use this letter."—Mrs. CASSIE LLOYD, New Moorefield, Clark Co., Ohio.

Read What This Woman Says:

South Williamstown, Mass.—"Lydia E. Pinkham's Vegetable Compound certainly has done a great deal for me. Before taking it I suffered with backache and pains in my side. I was very irregular and I had a bad female weakness, especially after periods. I was always tired, so I thought I would try your medicine. After taking one bottle of Lydia E. Pinkham's Vegetable Compound I felt so much better that I got another and now I am a well woman. I wish more women would take your medicine. I have told my friends about it."—Mrs. ROBERT COLT, Box 45, South Williamstown, Mass.

BABE DEAD; MOTHER ILL FROM POISONING

Joseph Sunseri, the 14-months-old child of Mrs. Frank Sunseri, is dead and the mother is in a comatose condition from carbonate oxide poisoning, due to being suffocated by steam on Monday afternoon. Mrs. Sunseri was washing clothes in the kitchen of her home, 135 Third avenue, Monessen, when her baby commenced crying. She left the boiling clothes in the kitchen and went into the adjacent room to the child, allowing the door to stand open.

While nursing the child, Mrs. Sunseri fell asleep and the steam from the wash boiler came through the open door, filling the room. When Harry Carnel, Mrs. Sunseri's brother went home from work in the afternoon at 4 o'clock he found the woman lying unconscious on the bed with the dead child in her arms.

FACTS AND FICTION

Experiences of Charleroi People Are Easily Proven to be Facts.

The most superficial investigation will prove that the following statement from a resident of Charleroi is true. Read it and compare evidence many of strangers living so far away you cannot investigate the facts of the case. Many more citizens of Charleroi will endorse Doan's Kidney Pills.

Mrs. William McBridge, 508 Lincoln avenue, Charleroi Pa., says: "Doan's Kidney Pills have been used in our family for several years. Our first experience with them took place while we were living in Beaver Falls and a member of our family was at that time suffering from dull pains in the small of the back, and other symptoms of kidney trouble. They proved of great benefit and there was no return attack of the trouble for some time. About a month ago Doan's Kidney Pills were procured at Piper Bros.' Drug Store and they proved as beneficial as before. Judging from our experience with Doan's Kidney Pills, I do not hesitate to recommend them."

Government Men Reporting for Duty at Lock No. 4

ENCOUNTER DIFFCULTY

Government employes are on the scene getting affairs in shape for the building of a new lock and a new dam at Lock No. 4, and for the next [illegible] sound of industry about the historical old walls and works that will appear strange. Recently the construction of Lock No. 1 in the Monongahela river was completed. This is the only thing holding back the beginning of work on Lock No. 4. Many hundred thousand feet of lumber have been shipped to Lock No. 4 most of it to be used in what will prove one of the biggest coffer dams ever built.

Col. T. P. Roberts, assistant engineer of the Pittsburg district who has charge of the construction work of locks and dams on the Monongahela river will be directly in charge of the work at Lock No. 4, although he will not spend all his time here. Col. Roberts was here looking over plans Monday afternoon.

The new lock is to be one of the most complete and up-to-date of any river in the country This is because primarily of the importance of the Monongahela, which as Col. Roberts says, is the chief tributary to the Ohio and one of the greatest carriers in the United States.

The available rectangular area of the new lock will be 360 by 56 feet In reality the lock will be approximately 400 feet long, but room has to be allowed for the swinging of the big gates. The depth will be increased, allowing a greater carrying capacity for the monster steel barges and flats. When finished it will be no effort whatever to ship through at a time 3,000 tons of coal, or with one locking the amount that now requires two lockings. There will be no crowding or delay.

Money for the building of the lock will be taken from the emergency fund. Col. Roberts stated Monday that the outside wall of what is known as the outside or smaller lock is in an almost dangerous condition, making construction work imperative. With the best of conditions and the best of luck all the way through it would be possible to finish the new work within two years, but this is not anticipated.

One of the chief difficulties will be in the construction of the immense coffer dam. This dam will be about 500 feet long At one point where the base of the dam will have to rest the water is 37 feet deep at a low stage, which means trouble. Work is being started now towards the construction of a railroad siding on trestlework leading down from the lock a short distance The purpose of this railroad siding will be to permit material to be received and unloaded at a convement point.

The new lock will prove most beneficial to the large coal concerns that are putting into use the latest kind of steel barges. Two steel yards down the Ohio river are running to capacity turning out monster 1,600 ton boats Many of them will be used in this river. Among others the Crucible Coal company which is opening up a large territory near Rices Landing will put the steel barges into use.

Five Negroes Are Arrested

Will be Held in Connection With Shooting of Two Albany Men Sunday

Five negroes were arrested Monday morning in connection with the shooting of two brothers, Steve Wallick, aged 23, and George Wallick, aged 21, both of Albany, Sunday afternoon. One of the brothers, Steve, was killed almost instantly and the other is dying in the hospital.

County detectives arrested Emory Selby, colored, and four other colored [illegible] and them in the Brownsville jail. According to the officers the assailants were in the home of Selby Sunday morning. The men declare they know nothing of the shooting or the men.

WILSON BOOSTED

Mine Workers Urge Name of State Man for Cabinet

IS AN EX-CONGRESSMAN

Strong pressure is to be brought to bear on President-elect Wilson to appoint Representative William B Wilson of Blossburg, Tioga county, Pa, to the new Cabinet post of the Department of Labor, which Congress is expected to create at the coming session

Representative Wilson, who was elected two years ago to the house from a district normally heavily Republican, has been defeated for reelection by a small margin. Wilson has been one of the most consistent advocates of labor legislation in the House, and it was through his efforts that a number of important measures were put through, including the seaman's bill.

Wilson was formerly national secretary-treasurer of the mine workers and is still in close touch with the organization, and is well known in the Pittsburg district and Monongahela valley.

STEAL FROM PREACHER; IS UNPARDONABLE SIN

Officer Ed Cummins of Washington returned Saturday evening from the vicinity of Eighty-Four with a horse which had been stolen from Rev. Mr. Phillips of Fairmont, W. Va. The horse a valuable family mare, was found about three miles east of Eighty-Four. Officer Cummins has been on the lookout for the stolen horse for the past month. A reward of $20 was offered for the recovery of the animal.

Monongahela Woman Dead.

Mrs. Catherine Sutman, aged 73 years, wife of J. M Sutman and one of Monongahela's best known women, died at her home, Second street Monday evening. Death was due to general debility incident to old age.

INTERESTING THINGS PROVED BY ELECTION

Republicans Short in Many Precincts---Feeney Only Man on Ticket That Got a Plurality in Charleroi

In the interest manifested in general results, the run that was made in Charleroi by its local candidates was lost sight of. Charleroi had four candidates for assembly representing as many different parties, and sad to relate all of them failed of election. These candidates were William Feeney, Republican; Theodore Allen, Washington [illegible] Goaziou, Socialist, and Freeman Johnson, Keystone Each of these candidates ran ahead of the party vote in Charleroi, which showed that each had individual strength among his friends and neighbors. The total vote of each in the borough was as follows:

Feeney	395
Allen	362
Goaziou	147
Johnson	17

Feeney led Allison, his next highest Republican colleague, by 71 votes, and was the only Republican on the national, district and county ticket that got a plurality in Charleroi; [illegible] colleague on the Roosevelt ticket—who was elected in the county—by 11 votes; Goaziou led his Socialist colleague by 21 votes, and Freeman Johnson led his Keystone colleague by 13 votes.

TAFT BELOW DEBS IN WESTMORELAND

Progressives and Democrats Get Majority of Votes in County

One of the surprises of the election in Westmoreland county was the big Socialist vote polled, Debbs, the Socialist candidate for president beating out Taft, the head of the Republican ticket. Complete but unofficial returns from Westmoreland county place the presidential candidates as follows:

Roosevelt	9,166
Wilson	7,855
Debs	4,190
Taft	3,685
Chaffin	809

Editor C. L. Shuck of the Monessen News, who was a candidate for assembly on the Republican ticket, was elected. Fortunately for him and his Republican colleagues the Roosevelt forces indorsed the Republican candidates, and they were easily elected.

LIMERICK CONTEST WILL SOON CLOSE

Another week and the Limerick Contest will be over. While it has been a great deal of fun, the contest cannot last forever, so your bright idea will have to be sent in during the week if you wish to have it passed upon and published next week. The winners of the Ten Dollar prize will be announced in the issue of November 26.

The following persons are awarded the One Dollar prizes this week:

Miss Marie Whitehad, one dollar prize for Limerick in advertisement in John Kuth's Bakery

C. B. Richards, one dollar prize for Limerick in advertisement of Leslie Campbell, Clothing and Men's Furnishings.

WEST VIRGINIA DRY BY VOTE OF 84,000

Official returns from every county in West Virginia show the prohibition amendment to have carried by 84,834. Only two counties, Ohio and McDowell, gave wet majorities and the dry majority in every other county ran from 500 up to 7,031 in Harrison, in which the town of Clarksburg is located.

GETTING RELAY TEAMS TO RACE SMALLWOOD

Efforts are being made by the management of the Charleroi skating rink to secure relay teams to race against Percy Smallwood, the world's [illegible] middle distance runner, who will spend the last week in November here. Smallwood will race against teams at the rink nightly. Smallwood is a Welshman. He holds all winds of records for middle distance running.

TAKE INSPECTION TOUR OF RAILROAD

Party of Officials Make Trip Over Monongahela Extension to Fairmont

A special train of six coaches, five of which were private cars, made the trip over the extension of the Monongahela railroad and the Buckhannon & Northern on Saturday. The special ran from Pittsburg to Fairmont and return.

The members of the party some 30 in all, were officials of the Pennsylvania ,the Pittsburg & Lake Erie, and New York Central system; the Baltimore & Ohio, the Buckhannan & Northern and the Monongahela railroads. The fact that this train made the complete run shows that the new road will be ready for operation in the near future.

That portion of the new road, the extension of the Monongahela railroad from Martin to the Pennsylvania-West Virginia state line is ready for operation at present and this part of the new road will probably be thrown into service at once. Additional construction of passing sidings, ballasting and other work will be necessary on the Buckhannan & Northern end of the line.

REV. BRIGHT COMING MONDAY FOR SERVICES

The series of evangelistic meetings to be held at the First Christian church will open Sunday evening, November 17, when Rev. E. N. Duty, the pastor, will preach on the subject, "Charleroi's Greatest Sin." Preparations are being made for a choir and chorus of about 50 voices. Rev. E. N. Duty, will have charge of the music, and will conduct the singing in the absence of a singing evangelist.

Rev. F. A. Bright, the evangelist who will have charge comes well recommended as a man of considerable power. His first sermon will be preached on "Not Ashamed of the Gospel" next Monday evening, November 18. Simultaneous prayer meetings are being held nightly this week. Tonight's meetings will be as follows: At the home of John Martin in shovel row, Walter Ailes, leader; Joseph Hendrick, Meadow avenue and Eleventh street, Mrs. William Jones, leader; Mrs. Louisa Carson, corner Meadow and Fifth , J. M. Whitaten, leader.

Masquerade Ball.

A masquerade ball will be held in Turner Hall, Monessen, corner Second street and Donnor avenue Tuesday evening, November 12. Prizes will be given for the best and most comic costumes. Men 50 cents. La-

Notice.

All who desire to again join the Charleroi Book Club will notify Mrs. E. C. Niver, 414 Washington avenue, Charleroi. 89-t2p

Autos Number Over 59,000

Licenses in State Reach High Mark--Many Machines Being Sold Now

The State Highway Deprament went over the 59,000 mark for issuance of licenses last week, breaking all records. It is expected that the total for the year will run close to 60,000 especially if the weather continues open in which event more sales of cars will be made. The division officials have been watching the figures [illegible] dozen a day, but they are hoping that the 60,000 mark will be reached before the curtain falls on 1912 and the olive green tags are issued for 1913.

COURT IN SESSOIN

Jurors Report to Take Up Regular Routine of Duties

ONE CASE CONTINUED

The November term of criminal court was convened at Washington Monday afternoon. Of the 75 jurors summoned just 49 answered the roll call.

The cases of Joseph A. Plymire, of Washington, in which he is charged with embezzlement, set for trial were continued to the February term. In making the motion for continuance the district attorney said there was hope of settling the cases, and for that reason it was desired to carry them over to another term. The amounts involved are small, and Mr. Plymire will likely arrange to pay what it is alleged he unlawfully appropriated to his own use.

The first case called Monday afternoon before Judge Taylor was the commonwealth against Joseph Crawford, charged with malicious mischief. The private prosecutor is William J. Grier. The case comes from Canonsburg, and the parties are neighbors. The property of the defendant has no outlet at the back, but there is a right of way over the prosecutor's property, and also the use of a well on the prosecutor's lot. It is alleged that the defendant, in endeavoring to improve the right of way over the prosecutor's lot, damaging the well of the prosecutor. The defendant denied any malicious intent, but stated he expected to reimprove the top of the well, after he had changed it so he could drive over it. The case was with the jury when court adjourned.

POOR BOARD FAILS TO HALD MEETING

The Associated Board of Charities failed to meet Monday night according to schedule, there not being enough present for a quorum. A meeting will probably be held within a short time, when matters in need of attention will be taken up. Rehearsals will probably start soon for the production of a home talent play that will be given as a benefit for the poor fund.

HATS IN THE RING

Many Willing to Accept Charleroi Postoffice Plum

GUTHRIE INTERVIEWED

While friends of President-elect Wilson are anxiously awaiting his wordof appointments to his cabinet and enthusiastic Democrats [illegible] men are awaiting the final count of votes in Pennsylvania before they make their loud hurrahs. local Democrats are getting up a big noise about a local Democratic job. The local Democratic job referred to is that $2,500 affair commonly known as the Charleroi post office.

To date four persons, three of them physicians, have announced themselves candidates for the post office. Five or six more are being mentioned by their friends as possibilities. How great possibilities is a question that only the men themselves can answer.

The four whose hats are tied in the ring with a rope are Dr. J. K. Smith, Dr. T. M. Faddis, E. H Arrison and Dr. N. W. Patton. All of them are good Democrats, members of the Democratic club of Charleroi, campaign contributors, workers, and all that. They all have petitions out circulating them among their friends, and it is stated every petition is being largely signed. George W. Guthrie, the Democratic State chairman has been approached, with what results is a question known only to Guthrie He is quoted as saying the man satisfactory to the county committee is satisfactory to him.

On the streets the names of Burgess George W. Risheck, T. R. Eagye, Tom Hastings, Allen S. Marsfield, Howard Mansfield and Dr. J. W. Manon have been heard. Whether or not any of these are thinking seriously of allowing the use of their names for the postmastership is not known. They are hopes that have only been mentioned by their friends.

The postmaster's term of office in Charleroi is four years, making a total salary for that period under present conditions of $10,000. The man who gets the job will take his seat next July, when Postmaster J. E. McCardle's term expires. The appointee will be the first to be named after the completion of the new Charleroi postoffice at the corner of Seventh street and Fallowfield avenue. If the structure is not finished by July the new postmaster will be the one who dedicates it.

It is hardly likely that Congressman-elect H. W. Temple will have much to do with the Charleroi postmastership because of the Democratic administration. Had it been a Progressive or a Republican administration the chances are that custom would have been followed by having him present the recommendation of a postmaster, but there being a radical change, it is hardly likely that he will be consulted.

May Finish Today.

The grand jury reconvened Monday at Washington and disposed of a number of cases. It was expected to complete the list by last evening but it was necessary to adjourn until today to complete the work. In the Fritz shooting case from Canonsburg heard the last on the list yesterday, a large number of witnesses were called before an indictment was found.

J. K. Tener, Pres. S. A. Walton, Vice Pres R. E. Rush, Cashier.

DUE TO THE PRIMARY.

That the "old order changeth" is manifested in the recent election. For some time past it has been apparent that independent voting is the order of the day, and the old and familiar process of "lining up" voters on election day or influencing them in large bodies to vote in a single way has been gradually passing. No more can a so-called precinct leader take a poll book, look it over and mark with any degree of certainty the political standing of the voters registered therein. This standing is a most uncertain quantity these days, and the candidate or party that depends upon the old order of campaigning—that of depending upon a few alleged influential individuals or the heads of industrial interests—is the one that gets lost in the shuffle. The candidate who impresses his personality upon the greatest number of individual voters is the most likely to win out in the election.

This is largely due to the direct and popular primaries. This system of nominating is now in effect in the most of the states, and it has promoted independent voting and political action to a wonderful degree. It has taken the voters in Pennsylvania six years to realize the full import of the primary law in this state, but now that they do realize their power in that source it is altogether probable that a greater degree of independence will be shown from this time hence, and that no individual or combination of interests can ever again control or dictate the political destinies of the state. This is what has changed the old order of politics in other states, and it will work to the same ends in our own.

This referendum in making nominations has worked well in the borough and county from the start. Now that the people realize that they can use it with equal effect in the state, greater changes are still in store for us in a political way.

EFFICIENCY SHOPPING.

The cry of "shop early" for Christmas is now giving way to "Efficiency Shopping." This, briefly stated, is a plan by which each individual maps out at an early date just what he or she intends to do for Christmas, how much money can be appropriated for the occasion, to whom gifts shall be made, the amount allotted to each recipient, and then the nature of each gift. That determined, the process of buying is effected at opportune times in ample season to avoid the last rush.

This is not a fad or a new wrinkle, as some might imagine. It is simply a good methodical arrangement, such as each and every successful business firm pursues in the ordinary transactions of the daily routine. It is not an arduous or complicated plan, but is one that can be carried out by each and every individual. Any person can readily comprehend how much better and more satisfactory Christmas giving can be made by methodical planning, than to wait until the last week and join the rush and buy promiscuously without any previous thought as to suitability, cost or efficiency. By each individual adopting the "efficiency shopping" plan the great rush just before Christmas can be avoided, in a measure, thereby removing a cause for much unwonted extravagance, inconvenience and actual human suffering.

PICKED UP IN PASSING

When a book agent or a promoter seeks you out and informs you that you have been indicated to him as a likely person to be interested in his scheme, you may make sure that your name is on the "sucker list." That indicates that people think you are likely to be an easy mark to fall for any old scheme that promises something for nothing, or as one who is susceptible to the blandishments of those who endeavor to make you believe that you are a person of superior attainments who will buy nothing that is not high up in the grade of culture in the way of books—such as they have to sell. Concerning this "sucker list" the Billboard says:

A sucker list is a list of names and addresses of people who have bitten at bait in the form of very alluring offers, extravagant promises, or unduly great inducements in advertisements.

These names are in great demand.

Firms exist who do nothing but trade in them.

Some of these firms run advertisements without an idea of skinning the sucker themselves. They merely want his name and address so that they can sell it over and over again to conscienceless concerns who exploit the unwary.

There are many kinds of sucker lists.

The one which yields the biggest returns, is the list of investment suckers. The names of all persons who expect a safe security to yield over six per cent, belong on such a list. Many are there now. Others are rapidly finding their way there.

Then there is the patent-medicine sucker, the poor fool who pays a dollar for stuff, and a worthless premise that he could buy for a dime in a drug store.

The beauty sucker—who would buy beauty at so much per bottle.

The fat sucker who wants to get thin.

The lean sucker who wants to get fat.

The physical culture sucker, who wants to get strong on a minute-and-a-half exercise in the morning, and a half-minute at night.

Even the book publishers are working lists that come perilously near being sucker lists.

This is the age of the circular and sucker list.

Keep your name off as many as you can.

That is the best one many hope for.

A little skit in a recent issue of Puck gives a popular conception of a college education in a brief dialogue which contains probably as much truth as humor. In fact it is the truth of the statement that makes it humorous. The dialogue is as follows:

College President—"You can't get into our college. You aren't qualified in the common requirements in Sanskrit, Greek or Calculus."

Student—"No, but I am very well grounded in reading, writing and arithmetic."

College President—"Great Scott, man, you don't need a college education! Why you want to go into business."

THANKS VOTERS FOR SUPPORT IN RECENT CONTEST

Hon. William Feeney, through the medium of the Mail, desires to thank the voters of Charleroi for the generous support given him at the polls last Tuesday. Although defeated for re-election to the assembly in the county with the rest of his Republican colleagues, Mr. Feeney accepts the situation gracefully as one of the fortunes of war, and is gratified to know that he ran ahead of his party in Charleroi. He was the only Republican candidate on the county ticket to receive a plurality in the borough, which speaks well for his standing in the town. Some ulterior attempts were made against Mr. Feeney in the campaign, but these only reacted and caused his friends to work all the harder in his behalf. With the defeat of Mr. Feeney the labor interests have no direct representative in this entire section to look after their interests in the legislature.

ATTRACTIVE STYLES

For Ladies' Wear

If you want a Ladies' Suit or Coat, and you want the best quality at the lowest comparative cost,---then we should like the chance to show you our new Fall Styles.

FALL SUITS

The three essential qualities of a suit are style, quality and fit. These three points are all taken into account when buying garments for this store.

Our styles are always the newest, consistent with best taste, and the requirements of a discriminating trade.

The qualities insured by the reliability of the makers, as we buy only from the best houses; who use only the best all-wool fabrics, the better grade silk and satin linings, and sew every garment with the best silk thread.

The fit is guaranteed by us, as we caary a full line of sizes and employ a competent sales force.

Combine these three qualities—then compare the results with the following prices: $15, 18, 20, 25, 27,50, 30, and 35.

FALL COATS

Fall coats in all the new styles and fabrics. Long Coats, three-quarter coats---Mackinaws---in serges, cords, chinchillas, astrakhan, plush and mixtures.

The quality fit and wear are there, the styles are newest and the prices are right. The price $6.75, $10.00 and up to $30.00

LAY PLANS FOR REVISION OF TAX LAWS

The joint committee of the state senate and house of representatives, which was appointed at the last session of the legislature to consider and report upon a revison of the corporation and revenue laws of the state, will soon hold public hearings. Suggestions have been made to the committee that the real estate of corporations, such as electric light, heat and power companies, railroad and railway companies, gas companies and other public utility corporations should be taxed locally in addition to the other taxes which they pay. Requests have also been made for legislation imposing a capital stock tax on manufacturing corporations and that manufacturers should be locally taxed.

County officials have requested the committee to recommend legislation authorizing the state to return to the counties a larger portion of the amount now received by them on account of capital stock, moneys at interest, etc. Requests have also been made for laying a tonage tax on anthracite coal.

Public meetings will be held at Philadelphia on November 12 in Room 496 City Hall; Pittsburg on November 19 and 20 in the Chamber of Commerce; Erie on November 21 in the Chamber of Commerce; and in Scranton on November 22 in the Lackawanna County Court House.

Representatives of the above named interests have been invited, and are expected to appear, so that the committee may be informed of all necessary facts. The meetings will be open to the public and full opportunity will be given for a general discussion of all matters. The committee will also consider at these meetings criticisms, suggestions, etc., of the proposed act regulating certain private business corporations, copies of which have been sent throughout the commonwealth.

What Lydia E. Pinkham's Vegetable Compound Did For Their Health—Their own Statements Follow.

New Moorefield, Ohio.—"I take great pleasure in thanking you for what your Vegetable Compound has done for me. I had bearing down pains, was dizzy and weak, had pains in lower back and could not be upon my feet long enough to get a meal. As long as I laid on my back I would feel better, but when I would get up those bearing down pains would come back, and the doctor said I had female trouble. Lydia E. Pinkham's Vegetable Compound was the only medicine that helped me and I have been growing stronger ever since I commenced to take it. I hope it will help other suffering women as it has me. You can use this letter."—Mrs. CASSIE LLOYD, New Moorefield, Clark Co., Ohio.

South Williamstown, Mass.—"Lydia E. Pinkham's Vegetable Compound certainly has done a great deal for me. Before taking it I suffered with backache and pains in my side. I was very irregular and I had a bad female weakness, especially after periods. I was always tired, so I thought I would try your medicine. After taking one bottle of Lydia E. Pinkham's Vegetable Compound I felt so much better that I got another and now I am a well woman. I wish more women would take your medicine. I have told my friends about it."—Mrs. ROBERT COLT, Box 45, South Williamstown, Mass.

NO INQUEST FOR DEAD MAN WITH BIG INSURANCE

Cornelius Brierly the Honestead man who was killed at Claysville Wednesday of last week it developed was insured for the considerable sum of $192,000. The insurance was carried in several of the large corporation of the kind and several representatives of these companies were there to investigate into the death of the man and their visit resulted in the announcement that an inquest would probably be held next week.

A goodly portion of the $192,000 insurance carried by the man is said to be contained in policies taken out within the past few months. It is for this reason that the insurance companies are desirous of having an inquest held, they wanting all the light posible thrown on the circumstances surrounding his death.

Deputy Coroner Bebout, who was at Claysville and inquired into the [illegible] death, said that he could not possibly see what would be brought to light by a coronial inquest. There is not a single eye witness to the accident as far as he could learn. The man was evidently hit by a train and the nature of the wounds that caused the man's death in his estimation were of the kind that would indicate that his death was entirely accidental.

Later Coroner James T. Heffran announced that no coroner's jury would be impaneled to consider the case. A search is being made for the overcoat which Brierley is known to have carried at the time he was killed. Thomas B. Brierley, a brother of the dead man, is conducting the search. The Life insurance investigators have been particularly anxious to find the missing garment.

PITT AND W. & J. PREPARE FOR FRAY

Western Pennsylvania's college football rivals, University of Pittsburg and Weshington and Jefferson, will meet in their annual game at Forbes Field, Pittsburg next Saturday, November 16. The kick off will be at 2:30 o'clock.

Never has there been more interest in this great battle than this year. After bowing for three successive seasons before the Blue and Gold, W. & J. will enter the game with the odds considerably in her favor. The Red and Black has made a much better record than Pitt so far, but principally to the fact that Head Coach "Joe" Thompson was compelled to develop a team out of green material Although he had rough sledding during the early part of the season and received several severe jolts, the way his boys performed against the crack Notre Dame University team showed that they have assimilated a lot of football knowledge and can be depended upon to put up a great game against the Red and Black.

BABE DEAD; MOTHER ILL FROM POISONING

Joseph Sunseri, the 14-months-old child of Mrs. Frank Sunseri, is dead and the mother is in a comatose condition from carbonate oxide poisoning, due to being suffocated by steam on Monday afternoon. Mrs. Sunseri was washing clothes in the kitchen of her home, 135 Third avenue, Monessen, when her baby commenced crying. She left the boiling clothes in the kitchen and went into the adjacent room to the child, allowing the door to stand open.

While nursing the child, Mrs. Sunseri fell asleep and the steam from the wash boiler came through the open door, filling the room. When Harry Carnel, Mrs. Sunseri's brother went home from work in the afternoon at 4 o'clock he found the woman lying unconscious on the bed with the dead child in her arms.

FACTS AND FICTION

Experiences of Charleroi People Are Easily Proven to be Facts.

The most superficial investigation will prove that the following statement from a resident of Charleroi is true. Read it and compare evidence many of strangers living so far away you cannot investigate the facts of the case. Many more citizens of Charleroi will endorse Doan's Kidney Pills.

Mrs. William McBridge, 508 Lincoln avenue, Charleroi Pa., says: "Doan's Kidney Pills have been used in our family for several years. Our first experience with them took place while we were living in Beaver Falls and a member of our family was at that time suffering from dull pains in the small of the back, and other symptoms of kidney trouble. They proved of great benefit and there was no return attack of the trouble for some time. About a month ago Doan's Kidney Pills were procured at Piper Bros.' Drug Store and they proved as beneficial as before. Judging from our experience with Doan's Kidney Pills, I do not hesitate to recommend them."
